# HILOSOPHY

“There is no man under the sun as fortunate as I!” These are Hans’ words after exchanging, one by one, his valuable possessions for less precious ones on his journey – his lump of gold for a horse, the horse for a cow, the cow for a pig and so on. In the end, Hans is without material goods, yet enjoys the bliss of sincere happiness.

To him, happiness is not the same as possession. It is the moment that counts. Hans lives the ease of existence, free of all burdens. With our burgers, we aim to create that special moment of bliss for you. At HANS IM GLÜCK, you order the luckiest burger in town, prepared according to your wishes. Whether with tender chicken breast or juicy beef, vegetarian or vegan, with avocado, goat’s cheese & fig jam, grilled vegetables, rocket and Italian hard cheese – your options are virtually unlimited.

Fresh ingredients and excellent quality – at HANS IM GLÜCK, you get everything you could ever wish for in a burger.

If you are suffering from allergies, you will find a separate allergen information card on the tables. Feel free to always ask our staff if you have any questions!
